INFINITI

Inspired Performance

THE DARING

The vehicle that continues to break new ground between sport, utility and modern art, the Infiniti QX70 escapes all classification. It's a luxury crossover of high reward, unabashedly bold design and surprising versatility. And yet, it's motivated by the soul of a sports car. Uncompromising in its vision, it's a manifesto in motion proclaiming that some are satisfied only when they write their own rules.

THE EXCEPTION

A rare few move through the world with a confidence borne of intelligence and quickness. An acute sense of relaxed readiness stemming from technology that is always on lookout. When you're prepared, you're in total control.

***FORWARD COLLISION WARNING¹** scans ahead with laser sensors to help warn you of a potential collision and can trigger Intelligent Brake Assist² to apply brakes to help minimize an unavoidable one.

***LANE DEPARTURE PREVENTION³** watches road markings with a camera and can subtly apply brakes to help keep your vehicle from unintentionally drifting from your lane. Traffic may surround you, but so will confidence.

***INTELLIGENT CRUISE CONTROL⁴** automatically slows you down when traffic in front of you slows down. When the way is clear, it accelerates back to your desired speed. Less effort, more ease.

THE POWER

Don't waste the opportunity for excitement that lives in every moment. With performance at the core of the QX70, the rush is always ready. Experienced every time you open the throttle, our unique take on engineering gives acceleration an emotional quality that goes beyond pure speed.

INTELLIGENT ALL-WHEEL DRIVE infinitely adjusts for better traction when you need it and more dynamic handling when you don't.

SIGNATURE EXHAUST NOTE enhances your driving experience with a thrilling growl. Even with your eyes closed, the QX70 will be hard to mistake.

ACCELERATION SWELL transforms mechanical power into emotional excitement. Precise engine tuning unleashes torque over a broader rev range, and the feeling of acceleration is shaped to increase the faster you go.

THE CAPTIVATING

***20-INCH ALLOY WHEELS** are designed to heighten both performance and visual appeal, they fuse the function of lightweight construction with the raw force of personality.

ADAPTIVE FRONT LIGHTING SYSTEM turns your headlights to shed light on where you're steering, helping heighten visibility as you maneuver. The HID headlights of the QX70 do more than impress—they respond to your needs.

* Available in GT and GTP

THE MOMENT

***AROUND VIEW® MONITOR⁵** is a ground-breaking technology from Infiniti that gives you a virtual 360° view of your environment while parking. You see your surroundings as though from above for an extraordinary level of awareness.

POWER REAR LIFTGATE is space meets ease and elegance. It opens and closes automatically with the push of a button from a variety of locations—the liftgate handle or the dash. Access should not demand effort.

THE INTENSE

Love straights but devour curves. Each turn is met with immediacy and the g-forces sustained with a tenacity that reveals its athletic nature. With surprising poise and responsiveness, you'll experience design that redefines the crossover.

***CONTINUOUS DAMPING CONTROL** automatically adjusts the suspension to deliver stability, control and comfort. In Sport Mode, the suspension firms for the most immediate response.

DOWNSHIFT REV MATCHING expertly translates performance driving technique. Flick the magnesium paddle shifter for a lower gear and it blips the throttle to ready the engine for the new gear. Smoother, quicker downshifts mean balance and response.

* Available in QX70S only

THE REWARD

Nothing should constrain your sense of self. The QX70 is designed and engineered to heighten your unique sensory enjoyment, because individuality demands and defines its own rewards. This is luxury that begins with you, because perfection has to be personal.

INFINITI INTELLIGENT KEY sets up your vehicle to suit you and you alone. You can keep it in your pocket or purse, and the seat and mirrors are adjusted to your personal preferences. The ignition button will even illuminate, pulsing like a heartbeat, to let you know it's ready to please and to excite.

CLIMATE-CONTROLLED SEATS surround you in greater comfort by pushing cool or warm air through the front seats to keep you entirely in your preferred temperature zone. Arrive at your destination refreshed and relaxed.

WELCOME LIGHTING elegantly draws you in to the driving experience. As you approach, a sequence of exterior then interior lights reward your presence. Walk away, and the sequence occurs in reverse. Celebrate every entrance.

OBJECT OF ATTRACTION

INFINITI QX70

AMBIANCE

A welcoming and evocative space is measured by its ability to stir your emotions.

0.6^{MM}
CLOSER

OPTICAL PERFECTION Where interior components meet—where the dash meets the door or the center console—they are assembled not to be mathematically perfect, but to look perfect. This requires an exacting manufacture process, tightening the space, where dashboard meets door from 3mm to 2.4mm in order to achieve a seamless visual design from the driver's point of view. But we believe in considering every angle in creating an emotionally transcendent environment.

FINER FABRICS The seat belt is one of the few surfaces you continually touch, so we found a variable herringbone weave for the webbing that is 20% softer than standard fabrics. Not only is it more pleasing to the touch, but being more compliant, it allowed us to reduce the friction of the seat belt mechanisms by 10%. The seat belt is more comfortable to wear, easier to pull out and even less likely to snag the thread of your finest fabrics. No element is too small.

INVITING YOU IN We use light to not only make you feel more secure, but to make you feel like an honored guest. Welcome Lighting responds to your presence automatically by gently illuminating the puddle lights. Then as you get closer the interior lights are illuminated. This choreographed sequence ends with the Start/Stop Button, pulsing as though with a heartbeat—inviting you to bring your QX70 to life and building anticipation for the road ahead.

EVERY BREATH FRESHER AND CLEANER Even the invisible is never overlooked. The Advanced Climate Control System with auto recirculation actively cleans the air inside your cabin. It works in concert with the Grape Polyphenol Filter*, which removes up to 99.5% of allergens from the air coming in from the outside for a fresh interior.

* Available in QX70S only

POWER

Award-winning build quality, fuel efficiency and output can be measured with instruments or graphs, but the true excellence of Infiniti engines is in the feeling unleashed as you drive.

320
HP

9.9
KM/L

3.7-LITER V6 ENGINE is a potent blend of exciting response and intelligent efficiency. Benefitting from Variable Valve Event and Lift (VVEL[®]) technology, the engine adjusts on the fly to make the most of every bit of fuel and every breath it takes. The result is a stirring 320 horsepower that still manages to achieve up to 9.9km/l.⁶

3.7 320 360
LITERS HP NM

PERFORM

On its surface you'll find spacious luxury. At its foundation—the thrilling dynamics of Infiniti Direct Response performance engineering.

47
REAR

53
FRONT

INNATELY RESPONSIVE BALANCE The engineering philosophy behind Infiniti performance sedans, the Front-Midship Platform, also underlies the design of the QX70. Placing the engine's center of mass just behind the front wheel center line creates a near-equal front-to-rear weight ratio, with a slight front bias that you'll feel as quicker turn-in and even balance as you accelerate out of a corner. Precision and engagement that belie its crossover proportions.

***ALWAYS THE PERFECT RIDE** Tight corners. Rough roads. Continuous Damping Control helps maintain the perfect balance of smoothness and response, allowing you to get the most out of every mile of road you encounter. The system monitors body roll and road impacts and sends the information to each individual shock absorber and adjusts them to find the perfect stiffness. You can also select Sport mode, which firms up the ride for maximum response.

MAXIMIZING POTENTIAL Better power and efficiency depends on better breathing, so our exclusive VVEL® (Variable Valve Event and Lift) technology improves performance while delivering enhanced engine efficiency. VVEL® continually adjusts not just when intake valves open, but also how much. It delivers a quicker response and broader torque curve, while improving fuel efficiency and lowering carbon emissions up to 10%.

CONTROL WITHOUT COMPROMISE When conditions are ideal, Intelligent All-Wheel Drive sends 100% of the power to the rear wheels for more sporty response and performance. But it also constantly monitors wheelspin, throttle position and vehicle speed, and can divert up to 50% of the available power to the front wheels to enhance traction and control when conditions are less than optimal. Your need for control and your desire for excitement are both satisfied.

THE SOUND OF PERFORMANCE A performance car speaks to you through its exhaust, and the specialty exhaust tuning on the QX70 shapes that sound into something uniquely compelling. Not only does it make an Infiniti unmistakable, it makes every trip up and down the tachometer an experience that transcends engineering and enters the realm of pure emotion.

LIGHT ON ITS FEET These stunning 20-inch alloy wheels heighten both the looks and performance of the QX70. Lightweight, thanks to both material and design, they reduce unsprung weight. That reduction of mass makes driving more exciting by allowing the suspension to be more finely tuned and by making the handling of the QX70 more responsive. It even increases fuel efficiency.

* Available in QX70S only

ASSIST/ENTERTAIN

Infiniti InSuite™ integrates a host of intuitive technologies to simplify tasks and anticipate your needs as they keep you in touch with and in control of your world.

***ALL-AROUND AWARENESS** The Around View® Monitor⁵ with Front and Rear Sonar System⁷ and Moving Object Detection⁸ gives you exceptional awareness of your environment as you park. You'll see a simulated 360° view from above, showing you clearly the objects detected around your car. And the system will even alert you to moving objects detected in your vicinity. It helps put you intuitively in control of your surroundings, while simultaneously putting you at ease.

***EASE IN TRAFFIC** Intelligent Cruise Control (Full-Speed Range)⁹ allows you to choose your desired speed, and automatically slows your vehicle in slowing traffic, going all the way to a complete stop. Then, as traffic flow picks up, it re-accelerates your vehicle to your preset speed. This visionary innovation and the personalized convenience it offers is available with a simple touch of a button.

***SECURING YOUR SPACE** Distance Control Assist¹⁰ employs radar to monitor the distance between you and the vehicle in front of you. And, working in concert with the innovative Intelligent Cruise Control⁹, it allows you to select a preset following distance. It automatically engages the brakes when traffic slows, and re-accelerates when the way clears.

A SMARTER WAY TO SEE The Adaptive Front lighting System on the QX70 lights not just the way ahead, but around as well. It directs light toward corners by turning the headlights in coordination with steering input to help the driver see upcoming vehicles and pedestrians, and to help you reach your destination safely.

***A BETTER VIEW OF YOUR WORLD** Infiniti Hard Drive Navigation System⁴ is packed with advanced yet intuitive technology that makes it both more informative and easier to use. Birdview perspective control gives you a more natural view of the map, while 3-D building graphics make it easy to locate your destination in crowded urban environments. Also, you can simply speak your instructions to the system, thanks to full integration with Infiniti Voice Recognition.

***AUDITORY INDULGENCE** With 11 speakers, including two subwoofers, the Bose® Premium Audio System delivers your music with captivating depth and astonishing clarity. Optimized for the interior of the QX70, it will create precisely the mood you desire, everywhere you go. You'll also enjoy greater selection: play CDs, and stream music from a compatible Bluetooth® device¹¹ or connect and control your iPod®¹² via the USB port.

EMPOWERING YOUR TOUCH The Infiniti Controller puts intuitive, simple control of your technology systems at your fingertips. Designed to fall naturally within your reach and to minimize distraction from driving, it allows you to interact via a variety of inputs and with clearly marked buttons and commands. What's more, a single press can bring you from one major system to another.

* Available in GTP and QX70S

PROTECTION

The Infiniti Safety Shield® concept—our comprehensive approach to safety—layers technologies to monitor conditions, help you avoid a collision, and help protect you and your passengers if one occurs.

STRONGER AND LIGHTER Ultra high-strength steel is used in areas critical to preserving your safety in the case of a collision. The unique process used to create this material can give it more than twice the tensile strength of conventional steel. Not only does this ultra-strong material add to the vehicle's resiliency, it allows us to make the vehicle lighter overall.

1350 MPa
ULTRA-HIGH
TENSILE STEEL

590 MPa
CONVENTIONAL
STEEL

BETTER STABILITY WHILE STOPPING Electronic Brake force Distribution adjusts the amount of brake force applied to the front and rear wheels for improved braking performance. It not only helps the brakes wear more evenly, it reduces front-end “dive” during heavy braking, helping increase the stability of your vehicle. The system also detects vehicle-load conditions, and distributes additional brake pressure to the rear brakes as needed.

***ALWAYS LOOKING FOR DANGER** Intelligent Brake Assist² with Forward Collision Warning¹ uses radar to continuously monitor and analyze your closing speed to the vehicle ahead of you, helping detect an imminent collision. It provides a two-stage warning to alert the driver as the vehicle moves towards impact and—if needed—can automatically engage the brakes to help reduce the impact speed.

***MAINTAINING YOUR LANE** The Lane Departure Prevention System³ uses a camera to watch for departure from the traveling lane when you haven't signaled, and audibly warns you if it's detected. Then, if the drift continues, the system lightly applies selected brakes to help ease your vehicle back into the travel lane. But you never give up control. It's designed to assist, not override.

KEEPING YOU IN CONTROL Comparing actual vehicle cornering performance to the driver's input, Vehicle Dynamic Control¹³ adjusts power levels and applies appropriate brake pressure to individual wheels to help correct oversteer or understeer, helping keep the vehicle on the steered path. Working in tandem, the Traction Control System senses wheelspin and automatically helps give you a surer foothold.

PREPARED TO PROTECT Under certain braking conditions or when the *Intelligent Brake Assist² system is activated without brake pedal input, the Front-seat Pre-Crash Seat Belts automatically tighten the front seat belts—helping restrain you and helping to maximize the effectiveness of the other occupant protection devices such as air bags.

THE SUPPORT YOU NEED In certain rear-end collisions, the Front-seat Active Head Restraints found on the QX70 can move forward to help cushion the head to help assist in reducing whiplash-type injuries.

ENHANCED PROTECTION Infiniti puts an array of air bags between you and an impact, including dual-stage front supplemental air bags of the Infiniti Advanced Air Bag System¹⁴ that adjust inflation rates based on the severity of the crash. Also featured are front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags.

* Available in GTP and QX70S

SELECTION

Hues that change in response to light and angle. Matching exterior and interior colors to reflect the distinctive energy and mood of the seasons. These are just two ways Infiniti designs color to evoke feeling, express character, and shape the emotional essence of a vehicle.

21 X 9.5-INCH LIGHTWEIGHT ALUMINUM-ALLOY WHEELS

Always wear your seat belt, and please don't drink and drive.

All illustrations, photographs and specifications in this catalog are based on the latest product information; some vehicle parts cannot be shown in certain photographs. Some vehicles shown with optional equipment. See actual vehicle for complete accuracy.

INFINITI reserves the right to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models, and to discontinue models or equipment. Availability and delivery time for particular models and equipment combinations may vary. For information on availability, additional options or accessories, contact your local Infiniti retailer.

1 FCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed limitations apply. Always drive safely. **2** IBA is not a collision avoidance system. It may not provide warning or braking in certain conditions. Never rely solely on IBA. **3** The Lane Departure Warning/Lane Departure Prevention Systems operate only when the lane markings are clearly visible on the road. Speed limitations apply. They will not prevent loss of control. See your Owner's Manual for more details. **4** Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. **5** Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. **6** Actual mileage may vary with driving conditions. Use for comparison only. **7** The Front and Rear Sonar System is a convenience, but not a substitute for proper parking procedures and/or backing procedures. Always check that it is safe to do so before moving forward or backing up. May not detect every object in front of or behind you. **8** Moving Object Detection cannot completely eliminate blind spots and may not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. **9** Intelligent Cruise Control (Full-Speed Range) is not a collision avoidance system or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. **10** Distance Control Assist helps maintain a distance to the vehicle in front of you under certain conditions. Not a collision avoidance system. Failure to apply the brakes could result in an accident. **11** Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone owner's manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Infiniti is under license. **12** Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during vehicle operation. See Retailer for details. All rights reserved. iPod not included. **13** VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. **14** Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your owner's manual for more details.

Infiniti has taken care to ensure that the color swatches presented here are the closest possible representations of actual vehicle colors. Swatches may vary slightly due to the printing process and whether viewed in daylight, fluorescent or incandescent light. Please see the actual colors at your local Infiniti retailer.

PARTNERS IN THE INTENSE

The pulse races. Seconds split. Victories are won and lost. In Formula 1™, technology and human ingenuity are pushed to the limit. Yet, success is ultimately a measure of the passion that goes into every invention and is released every lap. This passion has led Infiniti Red Bull Racing to become, in recent years, the most dominant force on track.

Infiniti is drawn to Formula 1™ racing because it is engineering genius applied purely to creating emotional excitement. A feeling of exhilaration that extends from the track to the fans, to the culture, through our partner, Infiniti Red Bull Racing. The heart and determination the team has shown has led to four Formula 1™ Constructors' World Championships in a row. Our synergistic relationship is one that promises thrilling new performance capabilities for both Formula 1™ and Infiniti vehicles. This exchange of both technology and ideas now includes the appointment of 4-time Formula 1™ Drivers' World Champion, Sebastian Vettel, as our Director of Performance. Sebastian has already aided in the development of the all-new Infiniti Q50—harnessing his supreme driving senses and passion for performance to ensure this new vehicle is as dynamic as possible. And now, future Infiniti vehicles will be imprinted with the genius and unrivaled passion that defines his greatness.

Ultimate luxury is more than perfection. It is the feeling of unrestrained joy that unleashes something special in your heart. We at Infiniti believe there are times when reason should take a backseat and emotion—pure and primal—should be the driver. Tangibles play a part, of course: the sensual, flowing lines; the smell of leather; the visceral roar of the engine. Established in 1989, Infiniti's flagship line has now grown to include sedans, coupes, convertibles and crossovers, all available in approximately 50 countries worldwide. Infiniti has generated respect as the provocateur brand in the premium category, with a reputation for defying convention and creating irresistible and provocative automobiles, engineered with obsessive attention to detail. Our passion for ultimate precision, exhilarating performance and that exuberant driving experience is also manifested in the partnership that Infiniti established with Red Bull Racing in 2011. All of which contributes to the feeling that to drive an Infiniti is something special.
